COMMUNITY IMPACT

FUNDED COMMUNITY PARTNERS
2018-19

OUR COMMUNITY IMPACT AGENDA:

United Way of Will County fights for the self-sufficiency, health, safety, and education of every person in Will County. However, it's not just the positive, sustainable change that we are able to make within these four areas that creates community impact, it's how they work together to lift up the whole community.

YOUTH SUCCESS

Will County children will become socially responsible, independent, and productive adults.

SELF-SUFFICIENCY

Will County residents will have the opportunity to move toward economic self-sufficiency and independence.

HEALTHY LIFESTYLES

Will County residents will have access to the resources necessary for optimal personal health.

SAFER COMMUNITY

Will County residents experiencing trauma, crisis, and abuse will have the skills, resources, and interventions necessary to be safe in our community.
