LIVE UNITED
United Way
We come from different places in Will County.
We come to different conclusions.
But underneath it all, we share a passion for improving lives in our own community.
Dear Supporters:

Different by nature, united by mission; and we’ve made it our mission to mobilize our community to action to help those most in need. It’s been an honor to serve as this year’s Campaign & Board Chair’s for your United Way of Will County. We’d like to thank YOU, the members of our community, our workplace campaign sites, labor leaders and individual donors, as well as the United Way Partner Agencies, for all that you do to improve the lives of Will County residents. Each and every one of you has helped United Way of Will County advance the common good, and thus it is our honor and privilege to share what we have done together, this past year.

With Warmest Regards,

Mike Rittof

MISSION
To improve people’s lives by mobilizing the caring power of our community

United Way of Will County is...

- **ACCOUNTABLE**- United Way of Will County partner agencies must adhere to an annual review process led by community volunteers. These volunteers hold the agencies accountable by looking for measurable outcomes, ensuring financial integrity, and by making sure programs and services are continuing to meet the needs of our community. Thus, this committee allows us to be accountable to our donors, further ensuring that donor dollars are being utilized in the most efficient manner.

- **COST EFFICIENT**- 89.4% of all contributions to United Way of Will County are used to support the numerous programs and services provided by our partner agencies and United Way.
  - $1/week provides year of school supplies for an elementary student
  - $2/week provides 2 sessions of developmental therapy for a child
  - $3/week provides 16 disaster victims with one meal
  - $5/week provides 13 women and their children with domestic violence services to help them recover from abuse.

- **EFFECTIVE**- United Way of Will County supports a network of local nonprofit agencies that provide programs and services that address the most critical needs of Will County communities.
IMPACT AREAS
United Way of Will County concentrates on four impact areas:

- Fostering Safer and Stronger Communities
- Promoting Health and Well Being
- Nurturing Children and Youth
- Strengthening Families

STATISTICS  In 2012, over 445,492 unduplicated services were provided to Will County residents by one or more of our partner agencies. Additionally, 1 out of 4 Will County residents are positively impacted by United Way Partner Agencies. Your contribution makes a difference right in your own backyard. That’s Living United!

FRANK TURK, SR. OUTSTANDING CAMPAIGN ACHIEVEMENT AWARD

Frank Turk, Sr. called on local businesses for more than 70 years. He would enthusiastically ask each company and its employees to pledge their support for our annual United Way Campaign. He also served for many years on our Programs & Allocations Committee. Mr. Frank Turk, Sr. was a mentor and a trusted colleague. He served on numerous community organization boards and held several distinguished offices. Our United Way Board of Directors created the FRANK TURK, SR. UNITED WAY ADVOCATES FOR OUR COMMUNITY

The United Way of Will County is involved in organizations that support our community. In many cases, the United Way is ‘behind-the-scenes’ helping to connect businesses and services with those in need. In others, the organization supports the United Way by using its resources to identify areas of need within the community.

2-1-1  Non-emergency telephone number to connect people to community information and services. Together with Crisis Line of Will County and other local United Way’s, we are collaborating researching this service to bring 2-1-1 to Will & Grundy Counties.

Community Services Council of Will County  Shares information with residents of Will County on the needs and resources available; supports the United Way by data gathering; supports existing agencies and encourages the formation of additional agencies.

FamilyWize  Free prescription drug discount cards that save an average of 30% or more for uninsured and under-insured individuals and families in the Will County area. Visit www.uwwill.org to download a card and to see an updated total on dollars saved.

Joliet Alliance For Youth (JAY)  Strives to improve services for youth in the Joliet area by encouraging cooperation between member youth organizations through networking, sharing information and collaborating effectively.

South West Suburban Philanthropic Network Provides support and education for fund-raising professionals in the nonprofit community in Chicago’s southwest suburban region; encourages coordination of efforts and strives to improve standards.

Will County MAPP Project  Strives to be a progressive community that maximizes the use of community partnerships and collaboration among all sectors to ensure, enhance and promote comprehensive, quality and equitable education, healthcare and social services.

EMERGENCY FOOD & SHELTER  The United Way of Will County coordinates the Emergency Food & Shelter National Board Program which for the past 30 years has distributed funds, appropriated by Congress, to supplement emergency shelters for the homeless and provide rent, mortgage, utility and food assistance in Will County. This past year over $350,000 was distributed to those in need.

Don’t Stop.... ’Til You Shop 5K
It was a beautiful day for a 5K on Saturday, August 11th when Louis Joliet Mall held the 3rd Annual Don’t Stop ’Til You Shop 5K benefiting United Way of Will County. Each year the number of runners increased and the amount of money raised for United Way increased too. A big THANK YOU to all our sponsors and everyone who came out to run, as well as all the people who donated their time to produce a fantastic and fun 5K event. Because of your help, we were able to raise $7,600 this year!

**PROGRAMS AND ALLOCATIONS**

Our Programs & Allocations volunteers work toward informed funding decisions to best utilize the generous donations received from individuals and corporations for our United Way Partner Agency programs. These volunteers invest a generous amount of their time visiting each of the United Way funded programs, examining detailed financial reports, and ensuring that service providers are accountable. After careful consideration, volunteers determine the most effective and efficient use of available resources to meet local needs and responsibly invest donor’s contributions. We thank them for their dedicated service to our United Way.
